Blank	277	261	538
All I have is village water and garbage pickup. I think I am paying for things I do not get such as sewage, and a sidewalk.	1	0	1
Based on the tax rate.	1	0	1
Because I believe there should be a consolidation of village government to a town government.	1	0	1
Because I live in the town of Seneca Falls, but I live in the Waterloo school district. I'd like my kids to go to Seneca Falls schools.	0	1	1
Because I'm paying village taxes and I don't see what you are getting that the outside town doesn't get also.	1	0	1
Because it is cheaper.	1	0	1
Because my particular location in town is kind of cramped in terms of the neighbors being really close and that sort of thing.	1	0	1
Because of the taxes.	1	0	1
Because of village taxes.	1	0	1
Because the village tax is too high. I'm retired on fixed income, and every year the taxes go up.	1	0	1
Cheaper.	1	0	1
Convenience and cost. I'm on the lake. Property there is expensive.	0	1	1
For tax reasons.	1	0	1
Given the right opportunity.	1	0	1
High taxes.	1	0	1
I don't like the heritage commission. I think it adds another layer to government that we don't need.	1	0	1
I don't like the way the village offices are being run now.	1	0	1
I don't like where I'm at right now.	0	1	1
I don't want taxes so high.	1	0	1
I grew up in the country and it is more private.	1	0	1
I grew up in the country, I like being able to look out and not see the guy next door.	1	0	1
I have a smaller home in the village.	0	1	1

Why Switch?	Location		Total
	In the Village	Town Outside Village	
I have no reason I'd want to move. It's close to the town. I'd have no problem moving if I found the right place.	1	0	1
I like being close to different things.	0	1	1
I like solitude.	1	0	1
I like that the taxes are less. If there was a house in that area, I wouldn't rule it out, it might be more attractive because of the taxes.	1	0	1
I like the country better than I like the village.	1	0	1
I may see a house I may like to purchase outside the village.	1	0	1
I think if the taxes would be lowered, I'd switch to the town outside the village.	1	0	1
I think that the taxes are lower.	1	0	1
I think that the taxes here are outrageous.	1	0	1
I think the high taxes would make me make a change.	1	0	1
I would if I found a good deal purchasing a home in the village.	0	1	1
I would like more space, I have a very small lot and I would like to upgrade and have kids.	1	0	1
I would like to live in the country.	0	1	1
I would move to Auburn to live in a senior citizens home.	1	0	1
I would switch if taxes keep going up.	1	0	1
I would take that opportunity.	1	0	1
I'd like to move to a different neighborhood.	0	1	1
Id rather live in the country than in the Village.	1	0	1
If circumstances were right we would.	0	1	1
If I could afford it.	1	0	1
If I could.	1	0	1
If I had land or something.	1	0	1
If I like another house. If it would lower the taxes.	1	0	1
If I sold this place I'd have to go some place, I'd probably go to an apartment.	0	1	1
If it had water and sewer.	1	0	1
If it would save on taxes and if I had all the things I have here. Like the water systems.	1	0	1
If something came I would.	1	0	1
If something happened that we had to move for convenience.	1	0	1
If taxes continue to go up in the village.	1	0	1
If the circumstances were right.	1	0	1
If the opportunity arose.	0	1	1
If there were good reasons to.	1	0	1
It would be nice to drive on more accessible roads in the winter time.	0	1	1
It's a nice village, but small towns are not for me.	1	0	1
Just because of the fact that the kids would be able to participate more in the school events and the sports and stuff.	0	1	1
Just for the property taxes alone.	1	0	1
Maybe, depends.	1	0	1
More land.	1	0	1
More property less taxes.	1	0	1
No real reason.	0	1	1
Only if it was affordable. I am happy where I am at. If there was affordable housing.	1	0	1
Privacy. You get more privacy away from people.	1	0	1

Probably because there are more opportunities and more convenience.	0	1	1
So I wouldn't have to pay high taxes.	1	0	1
Tax purposes.	1	0	1
Taxes are lower because the town does not share the landfill revenue with the people that live in the village.	1	0	1
Taxes are too high in the village.	2	0	2
Taxes, neighbors.	1	0	1
Taxes.	5	0	5
The high taxes.	2	0	2
The lack of confidence with the Village Board. The high tax rate.	1	0	1
The lack of public transportation.	0	1	1
The taxes are going up and there is nothing but slums around my area.	1	0	1
The taxes are lower.	1	0	1
The taxes are too high in the Village.	1	0	1
The taxes are too high.	1	0	1
The taxes.	1	0	1
The village has changed.	1	0	1
The village taxes are too high and the town does not have to pay.	1	0	1
The village taxes are too high. I do not get enough services. The plowmen just plow the snow into my driveway.	1	0	1
There's no reason. Just a change of pace I guess. I would stay here too. If the price was right, I could change.	1	0	1
They only pay two taxes, we pay three. They have sewer and water, just like we do. But they don't have to pay that third tax.	1	0	1
To get rid of the village tax. That's one less tax you have to pay for what we're getting for.	1	0	1
To get rid of village tax.	1	0	1
To have more space, more land.	1	0	1
To lower my taxes.	1	0	1
To stop paying village taxes. They are too high.	1	0	1
We are being taxed to death.	1	0	1
We both grew up in the township. My husband and I.	1	0	1
We would like more land and more space.	1	0	1
Well, mainly to downsize and if we could get away from any of the taxes.	1	0	1
Well, my house needs a lot of work.	1	0	1
Well, that's pretty simple, the drawbacks of the village severely outweigh the benefits. The number one drawback being taxes.	1	0	1
Yes in ten to fifteen years because the house is too big.	0	1	1
Yes, I'm in the process of doing that now, the taxes are too high in the village.	1	0	1

Actually none. I try not to get involved with any of them. I stay out of the legal system.	0	1	1
Again the bickering. They do nothing but waste the village's money.	1	0	1
All of them contribute to my overall quality of life, nothing interferes with it.	1	0	1
All the things I listed before: well-kept roads, public water, summer pick-up, the community center, town support of local organizations and no taxes.	0	1	1
Assessment, and the water department.	1	0	1
At this age, I don't have too many demands on the Village.	1	0	1
Bad sidewalk maintenance interferes.	1	0	1
Basically, it's a neutral.	0	1	1
Being well organized dependable, I haven't had any real problems.	0	1	1
Biggest concern is we have village water not village garbage. Don't have street lights. Not enough police patrol.	0	1	1
Can't find any fault with them. They don't interfere in my life.	1	0	1
Code enforcement. Keeping the standard of living at a nice level.	1	0	1
Combining of the town and the village.	0	1	1
Continued insistence on regulation. They're currently spending money to review docks, on the two hundred and twenty-two properties affected in Seneca Falls. Why? It's already regulated at several levels.	0	1	1
Contribute would again be the police department.	1	0	1
Contribution wise, general services, trash pick up. Interfering wise, don't care for work permits.	1	0	1
Contributions would include public works, taking care of trash, recycling, and plowing.	1	0	1
Dissention among village and town officials, and short sightedness of officials. Something needs to be done to bring in revenue fast, or the village will die.	1	0	1
Doesn't matter either way.	1	0	1
Doesn't want anything to change.	1	0	1
Don't know how to answer that.	1	0	1
Every stupid decision that they make affects our everyday living.	1	0	1
Everyone is concerned with taxes, tax money could be put better use.	0	1	1
Everything.	1	0	1
Extra taxes.	1	0	1
For instance, one thing is fighting each other. And the Republicans and the Democrats hate each other. Let's be all Americans and call it the United American Party.	1	0	1
Free garbage pickup, road maintenance, easy access to elected officials.	0	1	1
Garbage pickup is a bone of contention. We only have one garbage can.	1	0	1
High taxes.	1	0	1
I am not satisfied with the snow removal. The sidewalk snow plow does not go by our house anymore. They said they don't do residential areas anymore. They come around the corner on West Beard. I live on Ovid. They pile all of that snow on the corner of Ovid and East Beard. I cannot see to get out of my driveway all winter. They stopped the prisoners from coming to shovel the driveway. They say they used to but they don't do it anymore.	1	0	1
I am not sure.	1	0	1

I believe it is taxes.	1	0	1
I can't answer that.	0	1	1
I can't answer that. I don't really know.	1	0	1
I can't answer that. I haven't had much experience having only been here a month.	0	1	1
I can't say that I can think of anything that interferes or contributes to.	1	0	1
I can't say that there are any I am aware of.	0	1	1
I can't say they really interfere. I'm a proud member of the village and I enjoy living here. I feel safe.	1	0	1
I can't think of any off hand.	1	0	1
I can't think of any.	3	1	4
I can't think of any. Taxes maybe, but that's about it. Property taxes.	1	0	1
I can't think of anything either way.	0	1	1
I can't think of anything off the top of my head.	0	1	1
I can't think of anything right now.	0	1	1
I can't think of anything that interferes.	0	1	1
I can't think of anything that interferes. But all of the above services have been positive. The recycling pickup is awesome. The safety that I feel in the village definitely contributes to quality of life.	1	0	1
I can't think of anything that really interferes. And contributing to, anyone would have to say that the services they offer contribute to your overall quality of life.	1	0	1
I can't think of anything.	4	1	5
I can't think of anything. I know the Indian land claim is a big thing, but it's not up to the town government, that's up to the Federal government.	0	1	1
I do not know.	2	0	2
I do not think that there are any.	1	0	1
I do not understand the question.	1	0	1
I don't know.	6	4	10
I don't always agree with everything they do.	0	1	1
I don't approve of the merge with Waterloo. I think there should be a curfew for the kids depending on their ages. I think it should be respected and enforced. Maybe some of these parents should get off their duff and get their kids for breaking curfew. The drugs are a problem. I really feel that the cops and the village are looking into these things. Families come first and they want to treat the kids in the area the same way they would treat their kids. I'm proud to live in Seneca Falls. I'm proud to say I live here.	1	0	1
I don't believe the town has taken a strong stand on protecting our land from the Indians. I don't see the mayor showing up at hearings.	0	1	1
I don't believe they have.	0	1	1
I don't get a newspaper, so I am not up on a lot of what goes on.	1	0	1
I don't have an answer for that.	1	0	1
I don't have any at this time, since I've only been here a few months.	1	0	1
I don't have anything on that.	1	0	1
I don't honestly know.	1	0	1
I don't know how to answer that.	1	1	2
I don't know if anything interferes. They're not intrusive.	0	1	1
I don't know if I can determine the line between the county, village and the town.	1	0	1

I don't know of any interference.	0	1	1
I don't know of any.	0	1	1
I don't know the town contributes to anything. We're just happy living here. We chose to come back here because we like small places. It appears to be crime-free, which is better than where we were before.	0	1	1
I don't know the town government.	0	1	1
I don't know, the services definitely contribute.	0	1	1
I don't know. I can't really say.	0	1	1
I don't know. I don't bother them and they don't bother me.	0	1	1
I don't know. I don't really think there's any. It's not that big of a deal to me. I don't know how to answer that. I don't know if taxes fall into that.	1	0	1
I don't know. I don't think really anything.	1	0	1
I don't know. Keep the taxes down.	0	1	1
I don't know. That's kind of a broad question.	1	0	1
I don't know. We're very happy with our life. I hope we still have some of our rights left.	0	1	1
I don't know. Depending on what the issue is, I can usually find someone to call or a meeting to go to.	0	1	1
I don't know. I defer to answer that one.	0	1	1
I don't like the government.	0	1	1
I don't like when we have corruption, power struggles and mismanagement.	1	0	1
I don't really have any.	1	0	1
I don't really know that I have the answer to that question. The only thing I can think of is I like having my garbage picked up.	0	1	1
I don't really know.	0	1	1
I don't really think any as far as quality of life, unless you would consider financial aspects as quality of life and I try not think that way.	1	0	1
I don't see how the village government contributes to my quality of life at all.	1	0	1
I don't see the need for Village government at all.	1	0	1
I don't think any aspects of the government interferes at all. Fire, police and garbage contribute.	1	0	1
I don't think any of them do.	1	0	1
I don't think any of them have so far.	1	0	1
I don't think any of them interfere.	1	0	1
I don't think any.	1	0	1
I don't think anything interferes with it.	1	0	1
I don't think anything interferes with my quality of life. Contributes? I feel safe.	0	1	1
I don't think anything interferes.	2	0	2
I don't think anything interferes. All four of my husbands children as well as my son went to school here. I thought that was very important.	1	0	1
I don't think anything interferes. The benefits out way any negatives there may be.	1	0	1
I don't think I have a problem with anything that they do. My quality of life is pretty good. I don't have any complaints.	1	0	1

I don't think there is any.	0	1	1
I don't think there's anything that interferes with it.	1	0	1
I don't think they have any effect on it.	0	1	1
I don't think they interfere with it at all. But, I've always lived in historic areas and I believe that you have to keep the historic charm of the village and at the same time get more businesses into Seneca Falls to lower the tax base a little.	0	1	1
I don't think they interfere. I like being out here where nobody bothers me.	0	1	1
I don't understand the question.	1	0	1
I don't understand.	0	1	1
I don't think their following through, or considering the future of their decisions.	1	0	1
I feel it's pretty good.	0	1	1
I feel that the village government has gone in the right direction as far as the future of Seneca falls.	1	0	1
I feel the town government is working more for the village than the town itself, which will have a negative effect on the town residents.	0	1	1
I got a notice saying that I should mow my lawn, just when I was getting ready to mow it.	1	0	1
I guess I had a couple of experiences with the highway department, anytime I've needed a town truck they helped me out.	0	1	1
I guess I really don't know how to answer that. Nothing interferes with it.	0	1	1
I guess nothing interferes or contributes.	1	0	1
I guess the classic thing that has interfered with the quality of our life is the heritage committee.	1	0	1
I guess the Indians land claim, now the village wants the town to take over their problems.	0	1	1
I have never thought about it.	1	0	1
I have no comment.	0	1	1
I have no idea.	0	2	2
I have no idea. I can't answer.	1	0	1

I honestly don't know.	0	1	1
I just pay my taxes and live here.	1	0	1
I like the recreation center, the park, the canal, the pleasant walking situation in Seneca Falls. It's quiet. The women's hall of fame is here. I guess everything is positive. I find nothing negative. The only thing negative is the taxes.	1	0	1
I live in the historic district, and believe they should loosen a little bit. Too strict.	1	0	1
I live on a corner, they don't take responsibility for fixing what the snow plow damages during the winter. I think the fire and police department do a good job.	1	0	1

I really can't think of anything the way it is right now.	0	1	1
I really don't know.	2	0	2
I really don't see any problem with any of it as far as I can foresee.	0	1	1
I really like the municipalities. It's a part of my business dealing with the sewer.	0	1	1
I think everybody is complaining about the taxes. We need to do something to really get these taxes down.	1	0	1
I think generally they do a good job.	0	1	1
I think it's the garbage pickup which has been a pain along with road maintenance.	1	0	1
I think it's the general administration, it's difficult to get anything done in this village, our taxes are high and there is no reason to have a village at all.	1	0	1
I think it's the high taxes.	0	1	1
I think it's the taxation.	1	1	2
I think it's the taxes we pay.	0	1	1
I think its fine.	0	1	1
I think it's the administration department and a lack of communication.	1	0	1
I think it's the code enforcement and they are a little to strict regarding trailers on property.	0	1	1
I think it's the high taxes.	1	0	1
I think it's the zoning and building codes, they should be a little more understanding on building zoning and coding, it makes the growth in Seneca Falls impossible.	1	0	1
I think other than what I just said, there really isn't anything. I think it interferes with people's attitudes towards the town rather than my quality of life.	1	0	1
I think Steve Turket wants a permit for everything.	0	1	1
I think taxes are really too high. Sometimes trash removal is not always removed when it should be. If we have a massive clean up, it takes them quite a while to come and get it due to their schedule. Sometimes it is a week.	1	0	1
I think that the community is not a very hostile community. It is quite gregarious.	1	0	1
I think that the taxes are too high.	1	0	1
I think that there are a lot of personal agendas.	1	0	1
I think that there should be more things for the kids to do. I would like to have a theatre for the kids.	1	0	1
I think that they maintain the downtown area. They make it look very nice during the holiday seasons. I noticed that my streets are always clean, and during the winter months they're always clear.	1	0	1
I think the biggest interference is the building permit requirement in the town.	0	1	1
I think the county administration are a bunch of idiots and crooks.	0	1	1
I think the duplication of services. It interferes.	1	0	1
I think the government contributes 70% to the quality of my life.	0	1	1
I think the government contribution, they have a paid fire department, which is an issue outside Seneca Falls, they have their own police department and I trust them, unlike the sheriffs department.	1	0	1
I think the government is very ineffective, it like its not here.	0	1	1
I think the high taxes.	1	0	1
I think the people at the town building are always very efficient and easy to deal with. Having to get a lot of permits I had to deal with them a lot.	0	1	1
I think the people of Seneca falls.	1	0	1

I think the taxes in the village.	1	0	1
I think the taxes interfere. They are killing us.	1	0	1
I think the town does a good job of taking care of the needs and they respects the needs of the town.	0	1	1
I think the town does a good job, the biggest deterrent is the land fill.	0	1	1
I think the trash collection services and the maintenance of the roads contribute to the happiness in the area.	0	1	1
I think the village board does a good job.	1	0	1
I think the village is not helpful, they only care about certain areas of the village.	1	0	1
I think they could do more with the lake.	0	1	1
I think they interfere with the high taxes.	1	0	1
I won't say.	1	0	1
I would dare say with the amount of jobs that are around here they don't use enough of their money attracting employers to this area.	1	0	1
I would have to see more specifics on it. I can't answer that.	1	0	1
I would like the corner of Minders and Fall to be cleaned up.	1	0	1
I would like to see our taxes lowered, they are too high for what we get.	1	0	1
I would prefer to have more money in the budget for the infrastructure because many of our streets need repair but there's not enough money to get it done.	1	0	1
I would say all of them overall. Nothing contributes or interferes in particularly.	1	0	1
I would say none.	0	1	1
I would say that the village government itself contributes to my quality of life. I don't think it hurts it at all. I can call my trustee if I have a problem so the governing is very good.	1	0	1
I would say the Department of Transportation. They have a lack of taking care of the road. I'm dissatisfied with it. In the summer when the snow plows come through, they rip up our lawns.	0	1	1
I would say the fact that they are very closed-minded to any new ideas.	1	0	1
I would say the parks which are important to me. (Positive) They don't have a lot of businesses coming into the area. (Negative)	0	1	1
I would say the same answer I just gave.	1	0	1
I would say the taxes are tough here.	1	0	1
I would say the taxes are what interfere.	1	0	1
I wouldn't say any.	1	0	1
I wouldn't say there are any.	0	1	1
I'd have to think about that one.	1	0	1
I'd say it contributes. Just that I have all the services I think I need.	0	1	1
I'd say most of it, because it is as we say we are getting elderly and we carry our own water. This thing with the Indian land claim bothers me, too, because we pay our taxes just like everybody else.	0	1	1
I'd say the low taxes.	0	1	1

I'm not sure. I'm eighteen, so I don't pay attention to a lot of this stuff.	0	1	1
I'm OK with it right now.	0	1	1
I'm still not sure what you're asking.	1	0	1
Increase taxes, mean less quality of life for me.	1	0	1
Interfere, no, really. We've lived here so long we're accustomed to the way things go. And we make out.	0	1	1
Interference is they spend too much money which drives up taxes. We pay more for things you don't need.	1	0	1

It helps me. I'm very handicapped and they're very good to me.	1	0	1
It interferes with my quality of life. Because of their actions our taxes are higher than they need to be.	0	1	1
It is a duplication of services. It is over priced. It is a burden. I can't sell my home.	1	0	1
Just the political aspects of the town, everything is way too political.	0	1	1
Just the taxes being a little high interferes.	1	0	1
Just the taxes, I guess.	1	0	1
Lack of accepting new businesses and companies into the town.	0	1	1
Like for instance to park, for Seneca Falls residents it's free. That helps. We need more things for the kids and more jobs.	1	0	1
Like I said I've lived here all of my life and I really enjoy it.	1	0	1

My life is good.	1	0	1

My quality of life is fine. Sometimes its a little clicky with the government. So and so knows this person and that's how he got the job. You have to know somebody to be somebody.	1	0	1
No comment.	1	0	1

No idea.	0	1	1
No interference.	0	1	1
No they try to keep the taxes as best they can under the circumstances.	1	0	1
No, they don't interfere with the quality of my life.	0	1	1
No.	5	3	8
No. They don't bother me.	1	0	1
None as far as I know.	1	0	1
None at this time. In previous years, the aluminum plant was allowed to come in to the county without comment from the neighbors. It was very loud. Also, I live on a street that has a center mall. We were once allowed to park in that area. The ordinance was enforced or enacted that we cant park there anymore. I guess it was all based on one complaint. Again a decision was made without comment from the community.	1	0	1
None of it interferes or contributes.	1	0	1
None of it interferes with my life because I don't pay anything any attention. When its time to vote, I do try to find out who these people are. I guess I haven't been doing a good enough job.	0	1	1
None of it.	0	1	1

None of them interfere with my life. Contribute: I guess just the services, the cleanup, and the roads are good in the winter.	1	0	1

None of them interfere. They are all OK so far.	0	1	1

Nothing really interferes with my quality of life. I guess that would be why my ranking is a positive.	0	1	1
Nothing really interferes with the quality of life here. I think the government builds the quality of life.	1	0	1
Nothing really.	2	0	2
Nothing that interferes.	1	0	1
Nothing.	18	25	43
Nothing. The only thing that I wish we would have out here is sewer. We have village water but we didn't get any sewer with that. And if they merge, they should help us get the services they get in the village. Optional, not everybody wants it but should get a choice.	0	1	1
Nothing. The town are honest people.	0	1	1
Nothing. Unless there's something secret they're doing that I'm not aware of.	0	1	1
Nothing's interfering.	0	1	1
Of course, I have a complaint with this landfill, too. I don't think it's very healthy for us. That's another issue for me.	1	0	1

Police force contributes. They don't really do very much that we couldn't get from the town or the county.	1	0	1

The cost are deep for taxes.	1	0	1
The DPW, Department of Public Works. It's the streets and the pot holes. It interferes with my quality of life.	1	0	1
The dump is two miles away. The mountains are getting bigger and bigger. I am concerned that the seepage from the dump is causing cancer and arthritis. They are taking the garbage from NYC and dumping it here. The Indians are buying homes and making them gorgeous. They have bought up so much land. I resent the fact that they don't pay taxes.	1	0	1
The fact that I am in the historic district but not a historic district house, but still have to do the things that make it fit for the historic district.	1	0	1
The Finger Lakes.	0	1	1
The garbage up and the water contribute to my quality of life and we like the area.	0	1	1
The good ole boy network, I distrust with the town government based on my past experience.	0	1	1

The Highway department.	1	0	1
The highway dept, the maintenance of the streets, and the trash pickup.	0	1	1
The historic district. Having to get permission for windows and siding. A neighbor lost her house because the heat bills were too high and she could not put siding on. The rules only seem to apply to the homeowners, not businesses or commercial owners. They tore down the old Armitage, that was a beautiful historical building. It only seems to apply when they want something.	1	0	1
The historical district, interferes with the quality of our life.	1	0	1
The historical society. I don't like them telling me what I have to do with my own property. Like painting my house a certain color. It causes me a lot of anger. I feel that they don't have the right to tell me what I can do or not do with my house.	1	0	1
The Historical Society. They hinder development. If you live in the historic district, they limit what you can do on your home. I personally haven't had too much problems with them. Another thing is the zoning and building permit process is frustrating.	1	0	1
The historical. They go overboard.	0	1	1

The taxes.	4	3	7
The taxes. They interfere. It makes the cost of living more expensive.	1	0	1
The town government here is I think very good. They've stood behind the people in the land claim issue. There won't be a difference whether there is a town or a village here if that land claim issue. I want to get out of this state. It's not just Seneca Falls, it's the state.	0	1	1

The town government's fine. It just bums me out what the town did to the Indian gas station. I'm a smoker.	0	1	1

Trustees actions or lack of.	1	0	1
Unsure.	1	0	1
Very little interference.	1	0	1
Village services compared to taxes. Consolidation of the water dept and the highway department. There is no sense in having a highway department in the village and the town. The police department has to cut back on officers or should consolidate with the sheriff's office.	1	0	1
Vince's park, the community center, I've got nothing bad to say about the town.	0	1	1
Water service. The trash pickup. They keep the roads clean and they snow plow. (Contributions.)	1	0	1
We are not happy with the government. We have not seen any contributions.	0	1	1
We can't park on the street sometimes, even when it is not snowing.	1	0	1
We do a lot of the family activities here.	0	1	1
We have a development we do not want in our area, however the town passed it anyway.	0	1	1
We have fine services from the water, and sewer department.	1	0	1
We should have just one government, the town.	1	0	1
We used to live in the historical district, but moved because of the rules.	1	0	1
We went to the dissolution meeting. T.J. was the only one who knew factually what he was talking about. Not reading from a script.	1	0	1
We're not getting services. They're getting the townspeople to pay for the consolidation. Everybody should be equal regardless of the assessment. They don't take care of the property owners. And they're the first to jump on the bandwagon to consolidate.	0	1	1
Well I don't know. I haven't had a problem or anything.	0	1	1
Well the ones that contribute to would be the garbage pickup and the police department. You might as well put the street snow plowing in there.	1	0	1
Well, all of them. I mean, we live here, so everything they do affects us.	1	0	1
Well, I don't really know what to say for that.	0	1	1
Well, I got water but I don't have sewer. I don't want the sewer.	0	1	1
Well, I mean it's kind of hard to answer because I think as long as I'm outside the town it doesn't make a lot of difference. We don't see much of a change outside of town about anything.	0	1	1
Well, I think the fact that they don't look ahead and it's not exactly all the people that are her problem, there are some people in the past who are not supportive of business. The future of the town can't all be the historical society.	1	0	1
Well, I think the taxes are a little high, but I understand the reason for it. It's part of living in a nice town. I do have another consideration which this town has never addressed. There are other areas that have nice, alternate living for seniors, and that's one of the areas they should address in the future.	1	0	1
Well, I would say that police protection is probably one of the biggest ones. And when you've got people jogging and walking their dogs, and taking their babies for a walk and people fly down our road that interferes with my quality of life.	0	1	1
Well, it's important to me on who is representing me on the village board. If somebody is serving that I don't agree with I am a happier camper. I was mortified by that whole thing with the mayor.	1	0	1
Well, right now the town government is trying to interfere with my job. I work for the Cayuga nation.	0	1	1
Well, snow removal is one. Because we are a dead end we usually are cleared last. One of the last in the village. Not having a sidewalk and not living on one of the main roads makes it difficult to walk places outside of our own neighborhood.	1	0	1

Well, the interference with quality of life is the lack of professionalism and business-minded village managers.	1	0	1
Well, the way everything is now, it's not interfering at all. If they dissolve the police department and change everything that's going on with our water and utilities, it's going to affect us.	0	1	1
Well, we do not have a town police or a paid fire department, so our taxes aren't as high as they are in the village, and I appreciate that.	0	1	1
Well, we got water, that was good. Now, if we could only get sewerage.	0	1	1
When looking for a house, the historical society.	1	0	1

The schools are the primary reason we moved here, and we're very happy here.	1	0	1
Actually I don't want to remain in Seneca Falls. The reason I've been here is that the place has been peaceful but it has gone sour in recent years. The Seneca Falls landfill is one reason. The Indian land trust. Low end, highly polluting industry. Those three things make me want to leave.	0	1	1

I like the Geographic location in New York state. It is a very beautiful part of the country.	1	0	1
I like the people. I am originally from New York City and when I was there, Seneca Falls was more populated than the Bronx was when I was using it. I have adopted many problem children and I have had the help of the Seneca Falls police department. I have health problems and they have been there if I have broken a bone I could just call over there. I don't like this 911 thing. I always liked hearing a local voice. I try to have my aide shop locally as much as possible. I believe in supporting Seneca Falls. The post office is great. The postmaster himself has walked a check across the street for me. It's just a very homey, comfortable town. I really like it. I have had to call John at the village a couple of times and they have been very helpful. I really like the town. I feel I belong to it. I belong to the Episcopal church and I cook neighbors' dinner out. I help out people who are down on their luck through this program. I feel that taxes could be lowered. This Indian deal is not fair to people who have lived in Seneca Falls all their life. I'm worried about it. Its not fair to have to worry. I guess just how lax they are. On Williams Street for example, they say there's parking on both sides of the street, but there isn't. And people were parked on the sidewalk. Just those sorts of things. I can't even get another garbage pail. They gave us one garbage pail for a two person place.	0	0	1	0	0	0	0	0	0	0	1
I guess one of the things is that the government here is doing a social kind of thing. I am opposed to the heritage commission. I don't like the attitude I feel when I go to meetings with the mayor. Like they know what's best for everybody else.	1	0	0	0	0	0	0	0	0	0	1

I would say garbage pickup.	0	0	0	0	0	1	0	0	0	0	1
I would say I think that the services are uneven. Let me use the trash pickup for example. I live in a duplex which is quite obviously a duplex, yet they gave us one trash container, even though this house has been a duplex since the 1800s. And some people are charged for extended trash pickup while others aren't. There is a lot of who you know in this town. The police leave a lot to be desired as well. They let people park illegally. It's not menial if you live on a street that is difficult to get in and out of because law enforcement isn't doing their job.	0	0	0	0	0	1	0	0	0	0	1

I don't approve of the merge with Waterloo. I think there should be a curfew for the kids depending on their ages. I think it should be respected and enforced. Maybe some of these parents should get off their duff and get their kids for breaking curfew. The drugs are a problem. I really feel that the cops and the village are looking into these things. Families come first and they want to treat the kids in the area the same way they would treat their kids. I'm proud to live in Seneca Falls. I'm proud to say I live here.	0	0	0	1	0	0	0	1

None at this time. In previous years, the aluminum plant was allowed to come in to the county without comment from the neighbors. It was very loud. Also, I live on a street that has a center mall. We were once allowed to park in that area. The ordinance was enforced or enacted that we cant park there anymore. I guess it was all based on one complaint. Well the ones that contribute to would be the garbage pickup and the police department. You might as well put the street snow plowing in there.	0	1	0	0	0	0	0	1
Well, all of them. I mean, we live here, so everything they do affects us.	1	0	0	0	0	0	0	1

Because I think we should have a village. I think people live in the village for different reasons and not having a village government would be terrible.	0	0	0	1	0	0	0	1
Because they would be spreading it too thin. We wouldn't have our own police officers here. You wouldn't know if you were getting the Waterloo police officers or the Seneca Falls police officers.	0	0	0	1	0	0	0	1
I am a village employee.	0	0	1	0	0	0	0	1

The people pay way too much in taxes.	0	1	0	0	0	0	0	1
The problem with the village government is the primary reason. Help equalize and possibly reduce taxes.	1	0	0	0	0	0	0	1
The share of the taxes should go back to the townsfolk. They get the services we get but don't pay the taxes. My son gets more than we do, living just outside the village, and pays less taxes. That isn't right.	1	0	0	0	0	0	0	1
The taxes are too high for the amount of services that I get.	1	0	0	0	0	0	0	1
The taxes are very, very high, but if it made it better I'd go along with it, but I feel they must do some more research on it.	0	1	0	0	0	0	0	1
The taxes.	1	0	0	0	0	0	0	1
The use of government resources and minimizing government.	1	0	0	0	0	0	0	1
The village doesn't have the income, and the town is wealthy. The taxes in the village are outrageous! That is the only hope that we have is to dissolve.	1	0	0	0	0	0	0	1
The village tax and the village police department.	0	1	0	0	0	0	0	1
There are two reasons. One would be the taxes and the other would be the duplication of services.	1	0	0	0	0	0	0	1
There is no reason to have a village, let's get rid of it.	1	0	0	0	0	0	0	1
There is too much government.	0	1	0	0	0	0	0	1
There's a duplication of services that I'm paying taxes on twice.	1	0	0	0	0	0	0	1
There's a lot of duplication of services between the town and the village of Seneca Falls.	1	0	0	0	0	0	0	1
They don't pay town taxes, they get services that we don't get. They sometimes get extra trash pick-up.	1	0	0	0	0	0	0	1

Too much government. We need to cut back.	1	0	0	0	0	0	0	1
Way too much government. Way too many officials. A lot of duplication of effort.	1	0	0	0	0	0	0	1
We are not getting any additional services. The politics in this town it's who knows who, not what you do. I think they just got rid of 911 service, which we are paying taxes for it. I've never come across a situation with the police department that didn't have the sheriff involved as well. I don't see the benefit. I would get water and sewer if I lived in the town too!	1	0	0	0	0	0	0	1
We are paying taxes for two services. We only need one.	1	0	0	0	0	0	0	1

Ask the board people how safe they will feel when the village police are gone and we have to wait for a response from the sheriff in Romulus. I pay my taxes, I shouldn't have to lose my police department. It will cause more job loss in this economic world.	1	0	0	0	0	0	0	0	1

It would be wise and prudent for especially the county to make available their strategic output for the next five, eight, ten years. The Indians, the power, the road system, the canal, the airport. There is no strategy. Where are they headed with this county, industry or tourism ? There is no plan that I know of.	0	0	0	0	1	0	0	0	1

Like I say, I think one of the first questions is whether people can get access to the internet they don't need hardcopies sent to them. I'm not sure with the dissolution whether they want to get rid of the village and make it a town or whether they want to get rid of the mayor and clerk, etc. We ought to just have a village. And I have to admit that I'm only here for six months and two days and the rest of the time I'm gone.	0	0	0	0	1	0	0	0	1

More information has to be put out to the public as to what is going on. Who is doing the study. How the study is being accomplished.	0	1	0	0	0	0	0	0	1
My final comments is that they should take their time considering this and weigh all the benefits of dissolving the Village and not just please the taxpayers in saving a couple of hundred dollars.	0	0	0	1	0	0	0	0	1
My wife lived in Ontario County, and they were able to pay their taxes half of the time. You only got one notice, you could pay all or half. There would be no other notice unless you did not pay within the two months. Having to pay the whole tax all at once is quite a bit, if you could make two payments that would be easier on families.	0	0	0	1	0	0	0	0	1

There is a movie company coming and wanting to make a movie here in Seneca Falls. I think that is excellent. I would be curious to find out how many people know that is coming here. That would really make our town a lot more well known.	0	0	0	1	0	0	0	0	1
They are not taking into account that you can do a contract with the sheriffs department to provide a sub sheriff's office for \$200,000. That would save us a million dollars.	0	0	1	0	0	0	0	0	1
They need to do something for the town, too. Get jobs in this town and get reasonable things for people. I know it's all about the women's rights, but telling people they can't paint their house a certain color, or do improvements, that's stupid.	0	1	0	0	0	0	0	0	1
They should see what their financials are.	0	0	0	0	0	1	0	0	1
They should take a look at the taxes and be more fair about them.	0	0	1	0	0	0	0	0	1

Village tax and school tax is just too much. The taxes will drive people away.	0	0	1	0	0	0	0	0	1

We have to do something to get people to shop in Seneca Falls.	0	0	0	0	0	1	0	0	1
We need economic development and things to do.	0	0	0	1	0	0	0	0	1
We need the proper representation. I would like to see a brand new board. Have whole new elections for everybody.	0	0	0	1	0	0	0	0	1
Well, I'd like to see Wakefield get that new apartment program.	0	0	1	0	0	0	0	0	1
Well, this may not have anything to do with what you're talking about, but I'd like to see more support with the problems we're having with the Indians. That's going to have quite an impact on the taxpayers if the Indians get what they want. I understand why people are selling their land to the Indians because of the deal they're getting, but it's going to be bad for the town.	0	0	0	0	0	0	1	0	1
What is the town doing and what is the town going to do with this Indian land claim?	0	0	0	0	1	0	0	0	1
Why can't some of the abandoned buildings downtown be used for marketing the wine business.	0	0	0	0	0	1	0	0	1
Yeah, it's not only the police services, it's all the other services, like the water and sewer. The school district and the community that we live in is worth the money.	0	0	0	1	0	0	0	0	1
Yeah, let the Indians pay what we pay and follow the rules you gave us.	0	0	0	0	0	1	0	0	1
Yes, the fire service. The fire department does a great job as well! Reduce the taxes, they are driving us out of the village!	0	0	0	0	1	0	0	0	1

Yes. I would like every voting member to know the facts of the study not the prescribed slant that the mayor has put on the committee. The study has been done two or three times and each time a different way that the mayor wants it slanted. It should not be that way.	0	0	0	1	0	0	0	0	1

I don't like living in villages. I like a little more room, a little more yard, and I was looking for a ranch.	1	0	1
I have two dogs and I like a little bit of the country. I do have neighbors close by.	1	0	1
I like being out in the country more than the town. You don't have two taxes for one thing. I think the Town has a lot more on the ball when it comes to government. You have a lot of waste in the village.	1	0	1
I like the open areas, I don't like to be surrounded by neighbors.	1	0	1
I preferred to live outside the village. I like more space. I prefer rural areas.	1	0	1
I wanted to live outside the village. Just because I like it out in the country better than it enclosed. And we found a smaller house in the country with cornfields around it.	1	0	1
Living outside the village is easier. It's too many people in the village.	1	0	1
Proximity to where I need to be.	1	0	1
Taxes were less outside the village. Some houses were historic, so you couldn't paint some colors, which I thought was a load of crap, so we decided to buy outside the village.	1	0	1
The village was too expensive.	1	0	1
There are certain places that I wouldn't live in the village.	1	0	1
We did live in the village for a while before we moved out here and had our house built. We moved because of the taxes.	1	0	1

Well, I think because I see the dollars at work here in the town. The roads are taken care of and the sides of the roads are mowed. While in the village the roads aren't even paved. I was glad to see that the 911 calls in the village were being taken care of by someone other than the police. That costs us \$150,000 dollars. There seems to be no revitalization in the village. I just think that we need a lot of change in Seneca Falls. Hopefully the new hotel will stimulate the downtown. When we did the "It's a Wonderful Life" program last year, I heard people say, "This place is dead. They just haven't buried it." They just give new businesses a lot of grief. They just want the old regime. There were all kinds of stores, but now downtown is just empty buildings. What's the difference between Seneca Falls and Skaneateles? We could draw a lot of people here with a better government.	0	0	0	0	0	1	0	0	1

The taxes are way too high they are going to drive people out, and the school taxes are way way way too high, I pay almost \$12,000 in taxes and that's too high.	0	0	0	0	0	1	0	0	1
The taxes. Once we lose the landfill, those taxes are going to have to go up. Those taxes are going to have to be adjusted. If the village dissolves, I'm going to be paying taxes that I'm not paying now. If I lived in the village, I'd feel differently.	0	0	0	0	0	0	1	0	1
The town is alright. The problem is that if you incorporate the villages with all their inconsistencies, you're going to destroy the town. There are more cops than we need. And they cost more than we need. They're sixty percent of the budget. The Sheriff's department should be non-political and take care of the whole county.	0	0	0	0	0	0	1	0	1

Well, I don't want to see the town go down anymore than it has. I hope with the introduction of more businesses into the town, it will bring more people into the town. It's a pretty town with a very nice location so I don't want to see it go downhill.	0	0	0	0	0	0	0	1	1
Well, I think probably the most important thing, and the thing everybody wants to talk about, are the people in the village just going to make out great once the village is dissolved, and the people in the town will have to pick up all the slack. Again the municipal plan/master plan for one hundred and seventy acres of farm land with a manufactured housing community and RV park. It seems like it's a done deal and hasn't been mentioned before. Does that fit in with the growth of the community? There hasn't been much publicity or request for input and how it will impact the town and services.	0	0	0	0	0	1	0	0	1

I am against the consolidating the village with the town. I believe in cutting and saving, but to just dump it on the town, no. I know the village taxes are out of sight. People can't afford them anymore. Because of our tax base.	0	0	0	0	0	1	0	0	1
I am certainly against the town raising taxes to pay for the dissolution of the village. I heard that 40% of the village budget is for the police. It's not necessary to have that big of a police force. The first thing I'd like to tell the committee, is that I'm against raising taxes for the village dissolution, and I'm upset that we don't get to vote on it. Why are my taxes to increase if this happens? That's unfair.	0	0	0	0	0	1	0	0	1

I think that as a citizen, when the village meets, they have representation from the town. When speaking of dissolving the village. I think it is unfortunate that the town does not have more representation on discussing whether or not it should be dissolved. We don't have equal representation. When it comes down to the voting, I think it should be a situation where the town has just as much input as the village. Does not want anything to change as far as the separate fire departments.	0	0	0	0	0	1	0	0	1

Is this about the village dissolution? (yes it is) I'm very disturbed over the concept of combining the two. The reasons are not valid to combine them. It will end up costing everyone more money in the long run. The only advantage I can see is that the village tax payers bills will be reduced, and the township taxes will be increased. I don't see the fairness in that.	0	0	0	0	0	0	1	0	1
Just that I'm considering moving out of the area because of the stench of the dump and the Indian land claim.	0	0	0	0	0	1	0	0	1
Just the fact that if they're going to merge, and we're all going to be together, we should all get the same services and that should include sewer.	0	0	0	0	1	0	0	0	1
Lower taxes to give incentives to bring businesses and people into the community.	0	0	1	0	0	0	0	0	1
Maybe they need to increase and attract business for more tourist attraction. Maybe there are some things to concentrate on, like the lake. We need to capitalize on that.	0	0	0	0	1	0	0	0	1
Mike Mizolio should be against this in a big way. I don't understand why this would even be on the table. The real reason why this is happening is because of the dump. It's where most of the garbage from New York State comes. That's where the town of Seneca Falls gets their money. They'll be done around 2012. Now they're trying to plan for when they don't have the dump money.	0	0	0	0	1	0	0	0	1

No. I know that we are not addressing the situation of the dissolution. I don't understand that its just the village that gets to vote on this, I feel if the town is going to be affected that we should have some say as well.	0	0	0	0	0	0	1	0	1
No. I would like to know about the assessments. They are high for some of the residents. I would like to see a reassessment in lowering assessments and not raising them.	0	0	0	0	0	1	0	0	1

Not excited about paying more taxes to help the village out of their situation.	0	0	0	0	0	1	0	0	1
Not really. My main thing is I've lived here in Seneca Falls for over twenty years and I've heard that they've had opportunities to get businesses in here and they wanted to keep it really quiet. If they don't get some business in here, it's going to be a ghost town.	0	0	0	1	0	0	0	0	1
Number one, however this is done, hopefully not a lot of jobs will be lost. Two, things are fair as far as services being provided. I don't want to pay for sidewalks and street lights for the village. Maybe a percentage for the village versus the town. For example, we all pay the same per gallon of water. It should be fair for everyone for the services you receive.	0	0	1	0	0	0	0	0	1
One of the things that distresses me, is the village is trying to reduce their taxes. If you decided to live in the village, you should have to deal with the taxes. I feel that you get what you pay for.	0	0	0	0	0	0	0	1	1
Only that, what I stated before. Seneca Falls used to be an excellent place to live and I never thought I'd leave it, but with the landfill and the land claim, I can't wait to leave the State of New York.	0	0	0	0	0	1	0	0	1
