

Minutes
Community Engagement sub-committee
June 17, 2011
575 Snowden Lane

The committee reviewed the latest iteration of the Forward to the Recommendations and agreed on some edits.

Jim Pascale and Bob Bruschi are responsible for copying and distributing to the Council and Committee. Target date is Friday, June 24.

It is likely that the Council and Committee will meet jointly to discuss and decide on the recommendations, but we do not know the date of such a meeting yet.

Carol and Anton reported on a meeting they attended with members of Borough Council and Township Committee and members of the PCDO to discuss the establishment of a campaign to promote consolidation. The Commission will work alongside this PAC, continuing to hold neighborhood meetings and informational sessions to explain and support our recommendations.
