

**Transition Task Force
Public Safety Subcommittee
Minutes from
June 1, 2012**

1. Draft Rules & Regulations
 - a. Still a work in progress; but we should have a document to review soon.
 - b. Will need to be approved by the authority having jurisdiction January 1, 2013.
2. CAD/RMS status.
 - a. One more system to review. Will have recommendations and cost projections in two weeks.
 - b. PD needs to meet with Bobo Gregory for PFD and Frank Setnicky for PFARS to make sure the new system will provide what these two agencies need in way of reports, etc.
 - c. Cost range now is \$85K to \$400K, plus yearly maintenance fees.
3. WPCS report update.
 - a. Handout provided (attached). Centered around working off of PU's new radio system. Due to coverage area and other factors this will not be an option.
 - b. Need WPCS to come back and tie their prior report in to this so we can develop a real baseline of the minimum needed versus what is needed in year one versus what would be nice to have at some point.
 - c. This will be discussed at a special meeting next Friday, June 8th at 10:30am.
4. Dispatch RFI reply summary.
 - a. Three replies. Two for out of state locations, one in state.
 - b. Per Chief Dudeck, the NJ State Police will not allow PD dispatch to be located outside the state!
 - c. We need to decide if this is a realistic option or not right away. Impacts morale of current dispatchers, impacts their pensions and their careers. Impacts what we do with radio equipment. All of this has to get set soon or we will not be ready for January 1, 2013.
 - d. Special meeting next Friday, June 8th at 10:30am to meet with the one vendor offering in state dispatch.

Other business. None

Public Comments: Scott Sillars had comments on cost and schedule.

Adjournment
